SITUATION REPORT (SITREP) # 196
28TH JANUARY – 1ST FEBRUARY 2019

WSTF CONSULTATIVE MEETING WITH DANISH EMBASSY ON GREEN GROWTH EMPLOYMENT PROGRAMME (GGEP)

Deputy Head of Mission at the Danish Embassy to Kenya, Mr. Henrik Larsen, made a courtesy visit to Mr. Ismail Shaiye, CEO WSTF, to discuss progress of the WSTF Green Growth and Employment Programme (GGEP). A meeting thereafter took place with relevant WSTF staff to discuss the implementation of the WSTF GGEP as well as review the GGEP Medium Term Report.

Mr. Ismail Shaiye, CEO WSTF (Centre) discuses key issues with representatives of the Danish Embassy during courtesy visit

FIELD VISIT TO THE MACHAKOS DECENTRALISED TREATMENT FACILITY (DTF)

WSTF arranged for a visit to Machakos DTF for Ms. Winnie Guchu, the Chief Administrative Secretary (CAS), Ministry of Water and Sanitation (MWS). DTF is a treatment plant designed to treat both septage and wastewater from domestic use. In the UBSUP programme, DTF closes the sanitation value chain after construction of toilets and conveyance is done. Due to unavailable collection networks, DTFs mainly receive septage / wastewater through exhauster truckloads.

WSTF MEETINGS

The following meetings took place as highlighted below:

- Meeting with the water and sanitation Development Partners Group at the Embassy of Sweden
- The Fund's 14th Cycle performance Evaluation for State Corporation and tertiary institutions for the year 2017/2018. Mr. Steve Ndele, Principal Administrative Secretary (PAS) of Public Service Performance Management Unit (Office of the President) was in attendance of the meeting.

JOINT ANNUAL OPERATIONS MONITORING EXERCISE (JAOME)

WSTF is currently conducting its Joint Annual Operations Monitoring Exercise (JAOME) for its supported investments. The purpose of this exercise is to establish the performance of WSTF investments in order to support long-term planning and robust monitoring by identifying supply and service gaps. It also gives insight on the functionality and sustainability by supporting learning on what kind of investments work and why, thereby informing future investment planning and priorities. It also enables key stakeholders to monitor coverage and access, ensuring accountability for the past investments.

Field activities including monitoring and inspection of the Fund's projects continued across the week during the JAOME. These will be covered in more details in the next issue of the SITREP.

Monitoring of Rehabilitated Hand Dug Well in Kiongoni, Lamu County

Monitoring of Bulto Mulito Water Pan in Tana River County

Monitoring of Nyoprosony Water Project Kiosk, Migori County
