SITUATION REPORT (SITREP) # 266
8TH – 12TH JUNE 2020

FIELD ACTIVITIES: MONITORING EXERCISES

Field activities including monitoring and inspection of the WaterFund's projects continued across the past weeks. WaterFund is pleased to note that project-implementing agencies are putting in place measures to protect their staff and members of the public from Covid-19 infections.

- WaterFund under its Green Growth Employment Programme (GGEP) inspected the ongoing construction of pipeline works under Kiunga project in Lamu County.
- Inspection of the ongoing concrete works for Kibugat San Project in Kimatkei, Nandi County. The project is being implemented under WaterFund's Joint Six Programme (J6P).
- Inspection of the ongoing construction of a borehole under Nanighi water project in Tana River County. The project is being implemented under WaterFund's Green Growth Employment Programme (GGEP).
- Monitoring of the ongoing construction of a Decentralized Treatment Facility (DTF) in Imetha, Meru County, under WaterFund's Upscaling Basic Sanitation for the Urban Poor (UBSUP) Programme.
- WaterFund representatives awarded subsidy cheques to SafiSan toilet owners for the completed sanitation facilities in Msikiti Nuru in Mombasa County. SafiSan is a project that targets urban low-income areas that have limited access to adequate sanitation. Projects implemented under SafiSan cover the entire sanitation value chain.

Inspection of ongoing pipeline works under Kiunga project in Lamu County.

Inspection of ongoing concrete works for Kibugat San project in Kimatkei, Nandi County.

Inspection of the ongoing borehole construction under Nanighi water project, Tana River County.

Monitoring of the ongoing construction of a Decentralized Treatment Facility (DTF) in Imetha, Meru County.

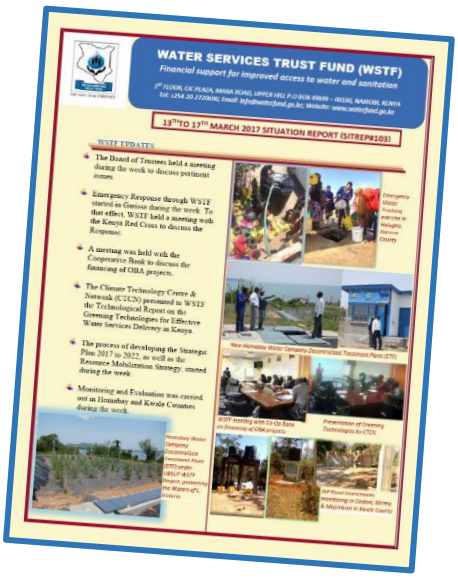

WaterFund representative presenting subsidy cheques to the toilet owners in Msikiti Nuru, Mombasa County while maintaining the recommended social distancing guidelines

BLAST FROM THE PAST: FEATURED IN SITREP #103 – CLIMATE TECHNOLOGY CENTRE PRESENTS REPORT ON GREENING TECHNOLOGIES TO WATERFUND

The WaterFund's situation report no. 103 (SITREP #103) covered the period **13th to 17th March 2017**. Among the highlights was that the Climate Technology Centre & Network (CTCN) presented to WaterFund the Technological Report on the Greening Technologies for Effective Water Services Delivery in Kenya.

WATER SERVICES TRUST FUND (WSTF)

Financial support for improved access to water and sanitation

13TH TO 17TH MARCH 2017 SITUATION REPORT (SITREP#103)

WSTF UPDATES

- The Board of Trustees held a meeting during the week to discuss pertinent issues.
- Emergency Response through WSTF started in Garissa during the week. To that effect, WSTF held a meeting with the Kenya Red Cross to discuss the Response.
- A meeting was held with the Cooperative Bank to discuss the financing of OBA projects.
- The Climate Technology Centre & Network (CTCN) presented to WSTF the Technological Report on the Greening Technologies for Effective Water Services Delivery in Kenya.
- The process of developing the Strategic Plan 2017 to 2022, as well as the Resource Mobilization Strategy, started during the week.
- Monitoring and Evaluation was carried out in Homabay and Kwale Counties during the week.
