SITUATION REPORT (SITREP) # 294

4TH – 8TH JANUARY 2021

TATU KENGA REPORTS BACK TO SCHOOL IN 2021

Tatu Kenga came to the limelight in the year 2008 when the then Minister for Water and Irrigation, Hon. Charity Ngilu, was on an official visit to Mombasa to assess water projects and challenges facing various communities. Water Sector Trust Fund under the Corporate and Social Responsibility took up Tatu's education, signifying giving back to the community through this little girl who had rightly depicted the plight of women, girls and water underserved areas in Kenya.

Over the years WaterFund has closely monitored her school progress as well as the welfare of her family. Due to the COVID-19 pandemic and the closure of all schools in March 2020, Tatu has been at home. As a result of the long school break and as per the Ministry of Education guidelines, Tatu reported to school on 4th January 2021.

Activities during the visit included buying of school necessities, career guidance to Tatu and her siblings and buying assortment of food stuff and home essentials for the whole family. WaterFund is keen to ensure that Tatu undertakes her education up to University level.
