SITUATION REPORT (SITREP) # 324
2ND – 6TH AUGUST 2021

WATERFUND CONDUCTS TRAINING FOR VARIOUS WATER SERVICE PROVIDERS IN KWALE AND KILIFI COUNTIES

Water Sector Trust Fund (WaterFund) has been implementing the Up-scaling Basic Sanitation for the Urban Poor (UBSUP) programme through various Water Services Providers (WSPs) in the country. The main objective of this programme is to provide 400,000 people with safe access to water and sanitation. Through this programme, various household toilets and Decentralized Treatment Facilities (DTF) have been implemented in different counties.

Upon completion of some of these projects, WaterFund organized for a training session for Kwale Water and Sewerage Company Limited, Kilifi Mariakani Water and Sewerage Water Company Limited and the DTF operators involved. The main objective of the training was to equip the WSPs and DTF operators with the desired knowledge to effectively operate and maintain the facility while observing the health and safety requirements. Other key areas of focus during the training include: operation and maintenance of the DTF, record keeping and calculation of tariffs collected. After the training, it was recommended that the operation of this projects should commence.

Left: WaterFund representative giving an explanation of how the DTF-50 works to representatives of Kilifi Mariakani Water and Sewerage Company

Right: Monitoring of a DTF-50 implemented by Kwale Water and Sewerage Company

FIELD ACTIVITIES: MONITORING EXERCISES

Field activities including monitoring and inspection of WaterFund's projects continued across the week.

- Water Sector Trust Fund under its Ending Drought Emergencies-Climate Proofed Infrastructure (EDE-CPIRA) Programme is financing the implementation of Water projects, Public Sanitation Facility (PSF) and Community Led Total Sanitation (CLTS) in eight Counties. These include Kilifi, Mandera, Taita Taveta, Kitui, Kajiado, Baringo, Samburu and West Pokot Counties. In a bid to ensure a success in the implementation of this projects, WaterFund team monitored and inspected some of the ongoing projects. The main aim of this activity was to get an update on the project's status; completion plans; challenges experienced and sustainability measures. These projects have received financial support from the European Union.
