WATERFUND CONDUCTS TRAINING FOR WRUAS IN MANDERA AND WEST POKOT COUNTIES

Water Sector Trust Fund (WaterFund) conducted field and subsequent desk appraisals following the submission of proposals from Mujitama and Mosion Water Resource Users' Associations (WRUAs) from Mandera and West Pokot Counties respectively. These counties, are part of the seven counties namely: Samburu, Baringo, Kajiado, Kilifi, Kitui and Taita Taveta; which have been funded under WaterFund's Ending Drought Emergencies-Climate proofed Infrastructure (EDE-CPIRA) programme.

In regards to the above, after a successful field and desk appraisal, WaterFund conducted training for the WRUAs on finance, procurement, and contract management. This training will equip the WRUAs with the required knowledge as they anticipate the implementation of the projects. The EDE-CPIRA programme which received financial support from the European Union through WaterFund aims to address the deficit of climate proofed water supply systems.
