SITUATION REPORT (SITREP) # 400
6TH – 10TH FEBRUARY 2023

WATERFUND FACILITATES AN EXCHANGE VISIT BETWEEN MAWASCO AND KIMAWASCO

Water Sector Trust Fund (WaterFund) under the Ending Drought Emergencies- Climate Proofed Infrastructure Programme (EDE-CPIRA), facilitated an exchange visit for Malindi Water and Sewerage Company (MAWASCO) to Bamba Public Sanitation Facility, that is being implemented by Kilifi Mariakani Water and Sewerage Company Ltd (KIMAWASCO). The purpose of the exchange visit was to enable MAWASCO bench mark on the following key areas from the successful implementation of Bamba PSF: project sustainability approaches such as identifying, selecting and training of PSF operators; project branding: and implementation modalities including day to day implementation challenges and experiences.

The exercise was geared to equip MAWASCO engineers, staff members and contractors with information, as they finalised the construction and implementation of the Marereni PSF, which is at 85% completion. Marereni PSF which is being implemented by MAWASCO, has been funded by the European Union through WaterFund, under the EDE-CPIRA programme at a total cost of KSh. 5.9 Million; and is expected to serve over 800 people in Marereni Centre.

The exchange visit was facilitated by Mr. Noel Mbaru, WaterFund County Resident Monitor, Kilifi County, Eng. Pascal Jira, KIMAWASCO Technical Manager, and Eng. Priscillah Olouch, MAWASCO Sanitation Manager.

FIELD ACTIVITIES: MONITORING

WaterFund inspected the status of Mt. Kenya West (Naromoru) Forest Management Project that is being implemented by Naromoru Community Forest Association (CFA) in Nyeri County. The project has been funded by WaterFund with financial support from International Fund for Agricultural Development - Upper Tana Natural Resources Management Project (IFAD-UTaNRMP) at a total cost of KSh. 1.6 Million. The Naromoru CFA is anticipated to plant approximately 80,000 tree seedlings, to be utilized towards the conservation and rehabilitation of the Mt. Kenya Forest Reserve ecosystem, as well as sold for commercial planting which will ensure sustainability of the CFA.
