SITUATION REPORT (SITREP) # 478
12TH - 16TH AUGUST 2024

WATERFUND CONDUCTS A GAP ANALYSIS FOR EDE CPIRA PROGRAMME DOCUMENTATION

WaterFund through the European Union has so far funded the implementation of 87 projects under the Ending Drought Emergencies-Climate proofed Infrastructure (EDE-CPIRA) programme. The beneficiary counties include: Baringo, Kajiado, Kilifi, Kitui, Mandera, Samburu, Taita-Taveta and West Pokot.

With the programme having ended on 5th August 2024, it is crucial that each implementing partner submits its completion report, completion certificate and all financial documents for all completed projects. This exercise aims to identify any missing documents and prepare for the field data collection necessary for finalizing the closure reports. To support this process, WaterFund organized a workshop to review the project milestones as per each result area, identify gaps in documentation, compile and consolidate completion reports and facilitate the closure of project accounts.

WaterFund officers during the gaps analysis workshop under the EDE CPIRA Programme

FIELD ACTIVITIES:

Field activities including monitoring and inspection of WaterFund's projects continued across the past weeks;

- WaterFund conducted a monitoring exercise in Isiolo and Marsabit to oversee the ongoing projects under the Sustainable Management and Access to Water and Sanitation in the ASALs (SWASAP) Programme. The main objective of the visit was to meet with Pastoralist Community Initiative and Development Assistance (PACIDA), the lead implementer of the El Molo Bay Water and Sanitation project in Marsabit County, and to follow up on the recommendations made during the previous field visit.

WaterFund and PACIDA representatives during a debrief meeting in Marsabit County

Ongoing trenching works for the pipeline extension under Dabel Water Supply Project in Marsabit County

Ongoing construction of Olturot Water kiosk in Marsabit County

Ongoing construction works of VIP latrines at Konon Gos in Marsabit County

Ongoing construction works of Bisan Biliqo water pan in Isiolo County

Ongoing construction of VIP latrines Marsabit county

BLAST FROM THE PAST: FEATURED IN SITREP #249 – WATERFUND EMBARKS ON ITS ANNUAL OPERATIONS MONITORING EXERCISES

The WaterFund's Situation Report No. 249(SITREP #249) covered the period **10th to 14th February, 2020**. Among the highlights was that WaterFund embarked on its annual operations monitoring exercise to determine the sustainability of projects, by establishing whether all the infrastructures that were approved for funding were implemented, are still operational, and / or being used for the intended purposes.

The findings from the monitoring exercise inform the WaterFund, Counties and implementing agents on operational challenges and assist in devising mechanisms to address such issue. Across the week, the following projects were inspected: Sericho and Merti sanitation projects in in Isiolo County and Algani Girls primary school water and sanitation project in Isiolo County.
