BLAST FROM THE PAST: FEATURED IN SITREP #10 – THE FUND UPGRADES ITS NETWORK INFRASTRUCTURE

The Fund's situation report no. 10 (SITREP #10) covered the period **2nd to 6th February 2015.** Among the highlights was a report that the Fund installed a structured local area network infrastructure for a more resilient network. The new network was to support the then existing wireless network, online services and the anticipated future systems upgrades like voice-over-internet communications.
